Mr. Joe Groom, our guest speaker, gave a very interesting talk on the information available at the Morman Family History Library on Fletcher Avenue. He advised that they now had some 2 billion names in their Computer Storage. To use their computer you must take a short computer course, then by calling in advance can reserve up to one hours use on their computer. Also stated that those who have compatible computers could bring their own disk and save data they wanted on their own disk. Also if you had data to give you could bring your disk and store into their system or you could bring any printed family data that you have and they will enter into their data. They welcome any family

information that you may have. They also need Volunteers to help in the library. They are short help and therefore are not able to keep the library open as much as they would like. Those of you are doing family searches will find the Library very helpful.

DeSota Chapter DAR Member Mrs. Compton invited all who wished to come to their Flag Day Luncheon.
